Empowered Beyond Limits Values

Generosity

Integrity, Servanthood

Inclusion, Relational, Empathy, Compassion

Partnership, and Accountability

Empowered Beyond Limits is devoted to empowering people with disabilities to learn of Jesus and His free gift of salvation. Our mission is to provide an opportunity for persons with disabilities learn the Bible and grow in their faith as well as minister to others.

Empowered Beyond Limits desires that churches learn and experience that the Body of Christ is incomplete without the inclusion of people with disabilities.

"And he said unto me, My grace is sufficient for thee: for my strength is made perfect in weakness. Most gladly therefore will I rather glory in my infirmities, that the power of Christ may rest upon me. Therefore, I take pleasure in infirmities, in reproaches, in necessities, in persecutions, in distresses for Christ's sake: for when I am weak, then am I strong." -2 Corinthians 12:9-10

STATISTICS ON PERSONS WITH DISABILITIES

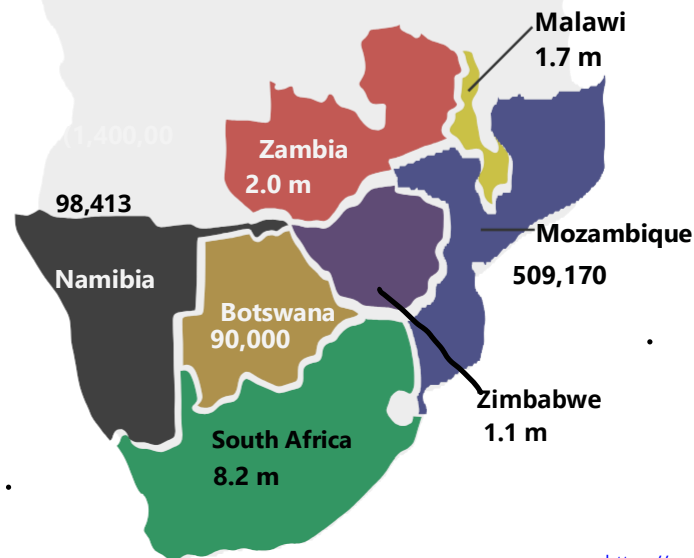

People with disabilities are one of the largest minority groups worldwide.

&

An estimated 1.3 billion people globally experience significant disabilities.

940,000,000 individuals with disabilities are the largest unreached people group for the Gospel in the world. There are so many more that have lost faith and are lost because of the apathy or rejection of the Church

The graphic below shows the number of people with disabilities in the SE corner of Africa. South Africa has 8.2 million alone, so there is great need!

Empowered Beyond Limits in Action

Empowered Beyond Limits will take every opportunity to build upon established relationships, making new and long-lasting relationships with persons with disabilities and their families, as well as church communities, ministries, and other partners who are involved in advocating and assisting persons living with and affected by disabilities.

EBL will provide awareness and education for the church regarding the holistic and spiritual needs of persons affected by disabilities based upon their personal life experiences with their own disabilities and struggles.
